Oh, good! I'm glad those CDs are helpful.

Ok, thanks, Lorraine. This is helpful. Yes, we were actually using the last CD this afternoon to see who is on the list.

Hello, Donn...here you go. Attached is a spreadsheet, if you and Gary need to revise the information and a PDF that you can use to print labels, if needed. Also, if you ever need to pull this information in-house, the database is on the CDs we have been sending monthly (quarterly as required in the new WPR). Thanks.

This will be an excel spreadsheet, or a pdf that you can print out there if you want actual labels. I'll be boarding the plane in about 5 minutes. I'm copying Asia. Too.

Ok, thanks. I'll take whatever you can send, but would these be labeled, or just hard copy list.

Sure. I'll get that to you today before close of business. You'll be getting an excel spreadsheet that you can edit.

Lorraine, I was trying to respond to your Cell ph. Question, in the meantime on the coi, since you all maintain the Sites mailing List database for R6 sites,... can you send me soon - just a set of labels for "ZQ" only. I don't need the rest. Worst case, Gary and I can work on it here.

Thank you..

We got authorization to do the COI Yesterday, and will complete it as quickly as possible. My management knows it's a tight deadline.

Well you have already worked on the site a lot. I hope you can continue for this one task we will need. But I understand about the RPs here..

Hi, Donn...I confirmed with my management that we did receive instructions to do a COI for San Jacinto around noon today. We will expedite this review. When we first did the COI for this year ago there were no PRPs. However, since then Waste Management and International Paper have been identified as PRPs. We'll need to see what, if any, work we've done for those PRPs. I'll let you know just as soon as I find out, if we can add that site to Task Order 008 and begin work.

Hi, Donn...I will check. But my understanding is that without a COI, we cannot work on a site. I'll check ASAP. Have you initiated a COI request for this site?

Lorraine, can you do very soon a small public notice for San Jac announcement and place in the Hous zone edition. You were working on this site right up to the WPR, but can't wait two weeks for a new coi.....
